

### DESCRIPTION

Arboseal Intumescent Tape is a flat section, preformed Intumescent strip based upon synthetic rubbers and carefully chosen fire resistant materials. It deforms under moderate pressure and has appreciable surface tack and recovery. When subject to flame, Pyro Safe Intumescent Tape will intumesce (expand and char) blocking the passage of fire and smoke.

### MAIN APPLICATIONS

*Low Movement Fire Seal*

Recommended for use in glazing internal and external FD30 timber fire doors and screens.

**NB:** *Not recommended for external use without a sealant capping (please contact CVS Technical Service Department for further information.) Not recommended for use in expansion joints.*

### SPECIFICATION COMPLIANCE

BS476 Part 22:1987;  
Warrington Report Number: C118002  
TRADA Report Number: IT349

### HEALTH AND SAFETY.

No known health hazards associated with this product. Please consult Material Safety Data Sheet for full information.

### TECHNICAL DATA

Application Temperature:	+ 5° C to + 50° C
Service Temperature:	- 25° C to + 50° C
Chemical Resistance:	Fair resistance to most dilute acids and alkalis, vegetable oils and alcohol. Poor resistance to hydrocarbon solvents.
UV Resistance:	Good
Service Life:	20 years+
Colours:	Teak, White

### PACKAGING

Size: 15mm x 3 mm x 12 metres per reel.

### STORAGE LIFE

12 months in original unopened packaging stored in a cool, dry place out of direct sunlight
